RE: February 2012 Vapor Intrusion Assessments at Private Properties 2 and 3 adjacent to the Hanley Area at the Former St. Louis Ordnance Plant

Dear Ms. Newton-Lund:

The Federal Facilities Section of the Missouri Department of Natural Resources has reviewed and accepts the final memorandums for the February 2012 Vapor Intrusion (VI) Assessments.

Please provide the Department with a tentative schedule for hiring the OU2 contractor and submittal of the OU2 Remedial Investigation workplan.

If you have any questions or require any further information regarding this matter, please direct written correspondence to my attention at the Missouri Department of Natural Resources, P.O. Box 176, Jefferson City, MO 65102-0176, or I may be reached by phone at (573) 522-1892.

Sincerely,

HAZARDOUS WASTE PROGRAM

  
Jim Harris, Environmental Specialist  
Federal Facilities Section
